

RUSTAMJON YUSUPOV

PROGRAMMER

Objective

Motivated mobile developer with one year of hands-on experience in creating and optimizing mobile applications for iOS and Android. Proven ability to collaborate with teams, adapt to new technologies, and deliver high-quality code. I am looking for a growth-oriented position to further develop my skills and contribute to the success of an innovative development team.

Experience

July 2023

December 2023

Junior Web Developer | Tune Consulting, Tashkent, Uzbekistan

- Collaborate with cross-functional teams to design, develop, and maintain responsive and easy-to-use websites and ensure optimal performance across different browsers and devices.
- Using HTML, CSS, and JavaScript to create an interactive and visually appealing user interface that adheres to industry best practices and standards.
- Performed thorough testing and debugging to identify and fix issues and ensure the delivery of high-quality, error-free code.
- Helped optimize website performance by implementing best practices such as code splitting, lazy loading, and image optimization.
- Demonstrated strong problem-solving skills, quickly adapted to new challenges, and sought innovative solutions to improve code efficiency.

Juni 2022

November 2022

Internship | Junior Intern for Android Developers | Novelpay FinTech, Warsaw, Poland

- Collaborate with the development team in designing, developing, and maintaining Android applications.
- Hands-on experience across the entire Android application development lifecycle, from concept and design to testing, deployment, and maintenance.
- Support in the implementation of new features and functionalities in Android applications, proof of knowledge of the Java programming language.
- Work closely with lead developers to integrate RESTful APIs and third-party libraries to improve application functionality and usability.

- Collaborate with UX/UI designers to implement visually appealing and user-friendly interfaces and ensure a positive user experience.
- Documented codebase and development processes, creation of comprehensive technical documentation for future reference and knowledge sharing.

Certificates

May 2022	Udemy-Zertifikat Java 17 Masterclass, Duration: 136.5 hours total Lecturers: Tim Buchalka, Tim Buchalka's Learn Programming Academy
June 2023	Udemy-Zertifikat Android development from zero to pro. Duration: 55.5 hours total Instructor: Yuri Allakhverdov
December 2023	Udemy-Zertifikat The Complete Flutter Developer Bootcamp with Dart, Duration: 25.8 hours total Instructor: Dr. Angela Yu

Languages

English	Extended Listener, Extended Speaker, Extended Reading and Writing
Russian	Extended Listener, Extended Speaker, Extended Reading and Writing
Polish	Advanced listeners, beginners, advanced reading and writing
Uzbek	Mother tongue

Computer Literacy

Programming	<p>Java (junior with Udemy certificate and 5 months of experience)</p> <p>HTML/CSS/JS (Junior with Udemy certificate and 4 months of experience)</p> <p>Flutter/Dart (beginner with current certificate in the development of cross-applications)</p> <p>C (Beginner with basic knowledge and understanding)</p>
Applications	<p>Android Studio (used to create multiple Android and IOS applications using Java/Flutter)</p> <p>Visual Studio Code (VScode) (used to build websites and learn the C programming language)</p>
